

INSAIE

What we have

- Oil
- Well paid (low skilled) jobs
- Alternative resources
- Social programs

Weaknesses

- No mix of energy generation
- Low diversification of GDP
- Undpaid Debt
- Low literacy rate (low capacity)
- No incentives for higher education
- Pollution (air, land, water)
- Lack of awareness on green energy

Threats

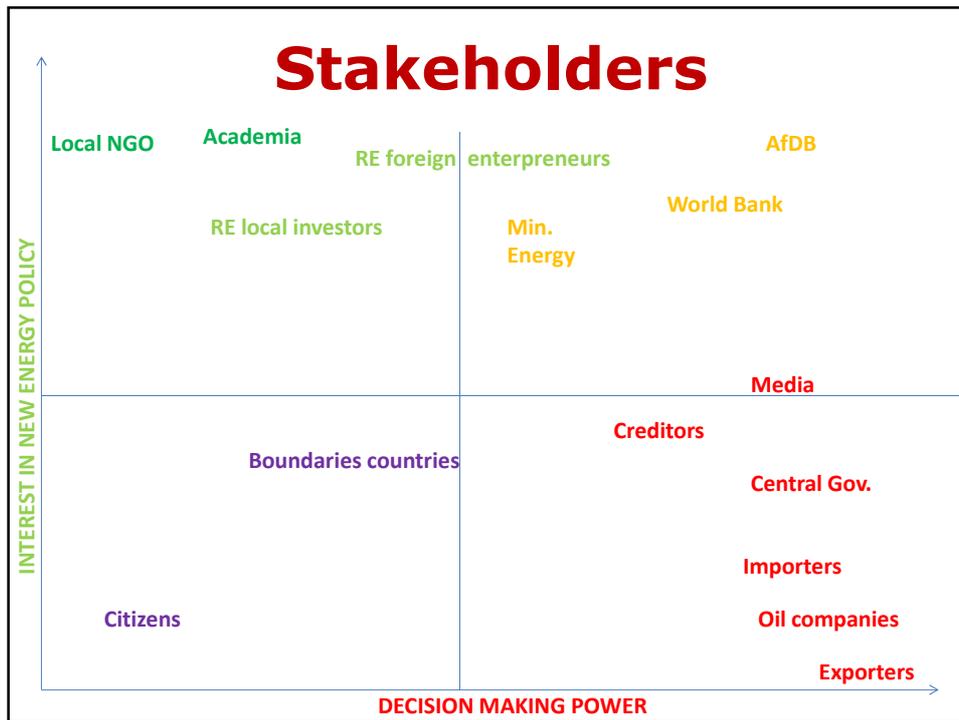

- Financial crisis
- Oil Price fluctuation
- Future unskilled labour
- Dependency on fossil fuels
- Social conflict
- Climate change

Opportunities

- Use of RE
- Energy efficiency
- Localize oil processing
- Green jobs

Assumptions

- Access to electricity <50%
- 100 M people
- HDI = 0.5
- Gini > 0.6
- RE supply 0%
- Oil 100%
- Too democratic to let people decide.
[No good governance (formal democracy)]

General goal

- Sustainable energy sector
- Increase the efficiency of oil sector
- LUNCH!!!
